Avantika Bawa is an artist based in Portland, Oregon and educator at Washington State University Vancouver. Between 2015 and 2018, Bawa produced drawing and prints for the 'Coliseum Series', paying homage to the Veterans Memorial Coliseum. The VMC is considered "a jewel of International Style modernism." Now the works, and the building that inspired them, are being immortalized through a collaborative sweatshirt celebrating the home of our 1977 NBA Championship.
